Summer Review Workbooks

Summer is Coming! And Vacation Stations are here to help with academic retention for elementary students.

BJU Press Vacation Stations program provides a helpful resource to offer to parents to help their children maintain their academic skills and to prepare for the next grade during summer vacation.

Students currently enrolled in grades PreK-6 will build their confidence for next year with two pages per day of math, language, and reading reviews. Parents will appreciate a fun way to help their children with meaningful, grade-appropriate practice, and next year's teachers will be thankful for an easier transition into the 2018-19 school year.

Visit www.bjupress.com/resources/vacation-stations for more information and to download order forms.

Please let your child's teacher know if you are interested in ordering as we can do a group order through the school.

Mark your Calendars for Athletic Physical Night at ECS on May 21!

Get your child's Athletic physical for the 2018-19 school year done early so you don't have to rush to get it in before practices begin on August 13.
